

Rainbow Lorikeet Fact Sheet

- They have a brush-tipped tongue. And enjoy hanging in the trees drinking nectar from flowers.
- They are friendly and love being loved and adored.
- They are extremely smart birds.
- They can become a pest to some orchards and gardens and be messy at times.
- A female takes care of the eggs and is fed by her mate.
- They're called "Rainbow" because almost every color of the rainbow is visible on feathers.

*As a pet a Lorikeet will
drink nectar from a bowl.*

Genesis 9:13-16

I have set my rainbow in the clouds, and it will be the sign of the covenant between me and the earth.

Also read verses 14-16

The Lorikeet reminds us of the "rainbow promise" that we find in the Bible. We can be assured that God never breaks His promises!
