

Wedge-Tailed Eagle Fact Sheet

Diamond-shaped tail

Isaiah 40:31 (NKJV)

But those who wait on the LORD
Shall renew their strength;
They shall mount up with wings like eagles,
They shall run and not be weary,
They shall walk and not faint.

- The wedge-tailed eagle is the largest bird of prey in Australia and one of the largest in the world.
- The wedge-tailed eagle gets its name from the diamond-shaped tail.
- They sometimes hunt cooperatively, and are able to take prey several times their own weight.
- The wedge-tailed eagle builds a massive stick nest that can be over 6 feet (1.8m) across and up to 12 feet (3.6m) deep!
